**REQUEST FOR CORRECTED FILING
RECEIPT**

Commissioner for Patents
Office of Initial Patent Examination -- Filing Receipt Corrections
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicant respectfully requests the issuance of a Corrected Filing Receipt for the above-referenced regular (non-provisional) patent application serial no. 10/605,644 (the '644 application), for the reasons stated below.

A copy of Filing Receipt mailed January 22, 2004 for the '644 application (Attachment #1) is marked to show the corrections requested by Applicant. As shown, Applicant requests correction of an error under the section titled "Domestic Priority data as claimed by applicant". This section indicates that the 644 application claims the benefit of 60/481,054 filed 07/02/2003. However, the Filing Receipt No. 2643 incorrectly states the following: "*(*)Data provided by applicant is not consistent with PTO records.*" Accordingly, Applicant respectfully requests the deletion of this incorrect statement as shown on the proposed corrected Filing Receipt attached hereto as Attachment 1.

Applicant's '644 application correctly claims the benefit of domestic priority to provisional patent application serial no. 60/481,054 (the '054 application) filed

07/02/2003. The filling particulars of the '054 application are evidenced by its Filing Receipt, a copy of which is attached hereto as Attachment #2. As shown, the Filing Receipt for the '054 application confirms that that application has been assigned an application serial no. of 60/481,054 and a filing date of 07/02/2003, which exactly matches the priority information claimed in the '644 application filling. Accordingly, the statement made on Filing Receipt of the '644 application that the data provided by Applicant is not consistent with PTO records appears on its face to be incorrect and should be deleted.

If the Office somehow still believes that the priority claim of the '644 application to the '054 application is inconsistent with PTO records, it is respectfully requested that the Office clarify exactly what is the nature of the discrepancy, as the two attached Filing Receipts of the respective applications show that Applicant's priority claim for '644 exactly matches the information shown in the Filing Receipt of '054 and no thus discrepancy can be found.

For the reasons indicated above and shown in the Attachments hereto, Applicant respectfully requests the issuance of a corrected filing receipt for the '644 application, or at least the above mentioned clarification. If needed, the undersigned may be reached at (408) 884-1507.

Respectfully submitted,

Date: January 30, 2004

Receipt is acknowledged of this regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
